

We need a program idea for our next group meeting!

We do! Something FUN... but still MEANINGFUL!
You know, worth people's time.

Well, our members are always interested in ways to be healthier!

Yes, some of us were talking about making intentional health choices instead of just hoping for the best!

Hmmm. I wonder how our group can learn more about our health AND enjoy doing it?

WE INVITE YOU TO SCHEDULE A

HEALTH FELLOWSHIP PROGRAM

FOR AN UPCOMING MEETING OF YOUR GROUP!

A **HEALTH FELLOWSHIP PROGRAM** IS A 2-HOUR EVENT ATTENDED BY THE MEMBERS OF AN ORGANIZATION AND FRIENDS AND FAMILY THEY INVITE.

FIRST HOUR: ATTENDEES VISIT THREE HEALTH STATIONS. HEALTH STATIONS FEATURE GRAPHIC-STYLE MINI STORIES ON LARGE DISPLAY PANELS THAT ATTENDEES SHARE IN READING ALOUD + FUN HANDS-ON ACTIVITIES.

SECOND HOUR: ATTENDEES ENJOY FOOD TOGETHER AND SHARE THEIR EXPERIENCES WITH THE HEALTH STATION STORIES AND ACTIVITIES.

TURN OVER TO LEARN MORE!

WHO DEVELOPED THE HEALTH FELLOWSHIP PROGRAM?

The Health Fellowship Program was developed by the We Engage 4 Health project (WE4H). WE4H is a high-quality health outreach program funded by the National Institutes of Health and affiliated with Cincinnati Children's Medical Center.

IS THIS PROGRAM THE SAME THING AS A COMMUNITY HEALTH FAIR?

While the Health Fellowship Program has some similarities to a health fair, it's a smaller event not open to the general community—just your members and the friends and family they invite. Plus, the Health Fellowship Program features, well... fellowship! That's where your group enjoys sharing food and conversation about what they learned and enjoyed at the health stations.

WHAT ARE THE HEALTH TOPICS IN THE PROGRAM?

Your organization chooses from a set of available topics in areas such as food and wellness, reducing chronic disease, and cancer prevention and screening.

WHAT DOES MY ORGANIZATION PROVIDE?

Your organization provides a location, tables, food, volunteers to assist the WE4H team, and distribution of advertising materials to your group.

WHAT DOES WE4H PROVIDE?

WE4H provides advertising materials for you to distribute, the registration process, volunteer training, raffle prizes or giveaways, and Health Fair Stations with stories and activities.

WHY DO YOU USE GRAPHIC STYLE STORIES? AREN'T THEY JUST FOR KIDS?

The graphic style story is perfect for sharing health information with a wide audience of all ages. Graphic stories can present complex ideas with engaging pictures, characters, and readable text. Nearly 100% of WE4H participants surveyed enjoy our story format and would want to learn more in the same format!
